

FLORIDA CONTEST
FIRST ON PROGRAM

Of Republican National Committee—Sentiment Heard For Entirely New Candidate

(By Associated Press)
Chicago, June 1—Hearings on the claims of contesting delegations to next week's convention continued today to occupy the attention of the Republican National Committee. A decision on the Florida fight is first on the program of the committee. It will be required first to decide whether there is a legal republican party in Florida.

Convention Gossip Buzzing

Chicago, June 1—Officially the Republican National Convention of 1920 was begun today in the great Coliseum, where, in the second week in June, the party will nominate its candidate for president. This is said because of the fact that the National committee began making up the temporary roll of delegates through settling contests filed by the fighting factions.

Out of the turmoil and tense conditions there was brought forth several notable developments which can be stated in ordered fashion.

1. Major General Leonard Wood arrived from Washington and passed an hour with William Cooper Procter before going to his home in Ft. Sheridan.

2. Col. Procter and perhaps General Wood will meet Frank H. Hitchcock and other subordinate leaders of the Wood organization tomorrow morning probably for the purpose of dressing up the warring lines.

3. The first drive of the negro republicans from the South for recognition as delegates on the sole score of race proved to be a most complete failure.

4. It was made exceedingly plain the National Committee leans toward regularity in politics, and that short shrift awaits the independents and guerrillas.

5. Results of the contests decided are favorable to the candidacy of Gov. Frank O. Lowden, of Illinois, now looked upon as the first choice of the publican national organization.

"Old Guard" and veterans of the Revolution. Reaction from the country upon the sensational exposures at Washington is encouraging certain candidates a fact indicated by the decision of Senator Warren G. Harding, of Ohio, to come to Chicago and assume direction of his affairs, in company with other aspirants.

With the arrival of Col. Procter of the Wood forces, discouraged during the hectic week, brightened up and began to fight back.

Stiff denials were entered that the tactics of Senator Hiram W. Johnson and his colleagues that the Capital had injured General Wood any more than the others named, and challenges were entered to the stories of abandonment. For example, Charles B. Carter, of Maine, delegate at large and Wood chairman, asserted that the break there surely was imaginary, and that the delegation was standing stoutly for the state's popular choice.

General Wood came in from the East in the afternoon and went directly to Colonel Procter's office where he was closeted for more than an hour. Offering no comment upon the current reports concerning expenditures, he left immediately for his headquarters as commandant at Ft. Sheridan, promising to return tomorrow.

The Kentucky delegation will arrive next Monday. Arrangements for its entertainments have been made by Hert and Chesley Searcy, chairman of the Kentucky State Committee.

Hert will be re-elected to be National Committeeman from Kentucky without opposition. He also will be elected to be chairman of the Kentucky delegation. He is leading the movement to nominate Governor Lowden, and it is presumed that the Kentucky delegation will stand with him.

M. L. Galvin, of Covington, probably will be the Kentucky member of the Credentials Committee. Mrs. John Glover South, woman's national chairman, is expected to be chosen to be a member of the Committee on Rules from Kentucky. William Heyburn, of Louisville, probably will be the Kentucky member of the Committee on Resolutions.

It is understood that Mrs. South will be elected to be chairman of the Women's National Committee to serve throughout the campaign.

On the first ballot the Indiana delegation will cast 22 votes for Wood and eight for Johnson. Leaders from Indiana said that their delegation might vote two or three ballots that way, but that unless Wood or Johnson showed winning form on the third ballot a

break would follow. Governor Lowden, according to estimates of the Indiana leaders, has at least 18 delegates in their state.

Intertwined in the debates and the gossip of the gathering were the estimates of the effect upon the country of the Washington scandal, which, as has been recited, the regular and professional politicians vigorously are combatting. Those who insist that it has ruined irreparably the Wood candidacy assert that the feeling of indignation is high among the rankers in the Republican array.

In line with this sentiment is the opinion of Governor James P. Goodrich, of Indiana, expressed at the Coliseum. On Sunday, he said, he attended a soldiers' memorial observance at which 10,000 persons were present. In conversation with the older and solid men he found an overwhelming sentiment for the substitution of a candidate whose name had not been dragged into the scandal at Washington. "Get rid of all of them," was the phrase most used, Governor Goodrich said.

AWAIT DETAILS NOW
IN CAMPAIGN COST

(By Associated Press)
Washington, June 1—The Senate investigation of pre-convention presidential campaign expenses turned back today to contests in individual states. Robert Wolfe, publisher of Columbus, O. newspapers, estimated that Gen. Wood and Senator Harding organization spent \$100,000 each in the Ohio preference primary contest. Arthur Davis, of Harrisburg, Ill., presented to the committee nine checks for a total of \$38,000, which he said was spent by Governor Lowden's campaign manager, to representatives of Lowden's campaign in Missouri. Thirty thousand dollars of it went Kansas City, and the remainder to St. Louis.

POST ASSAILED BY
ATTY. GEN. PALMER

Washington, June 1—Attorney General Palmer today told the House Rules Committee investigating the official conduct of Assistant Secretary of Labor Post, that Post had "perverted sympathy" for the criminal anarchists. He asserted that in dealing with attempts of the government to rid the country of dangerous aliens, Post had employed "self-willed and autocratic substitution of his own mistaken personal viewpoint for obligations of the public law."

COX SAYS STOP WAR TAX
Clarksville, Tenn., June 1—Extraordinary authority lodged in the Federal Government during the war emergency, must be returned to the states without delay, Governor James M. Cox, of Ohio, declared in his address before the Southwestern Presbyterian University. Abolition of every tax which increases the cost of living also was urged by the speaker.

GIANTS WANT STATE TWIRLER
Lexington, Ky., June 1—Thomas Grubbs, pitcher of the University of Kentucky Wildcats, who also proved a hitting star, today received a telegram from John McGraw, of the New York Giants, instructing him to meet the team in Brooklyn June 7. Grubbs, who is a native of Mt. Sterling recently passed the state bar examination and graduates this year at the University in law.

Bergdoll Believed To
Be In Kentucky

Grover Cleveland Bergdoll, convicted draft dodger, and escaped army prisoner, is in Kentucky, according to information that has been received in various cities. Bergdoll crossed into Kentucky from Indiana several days ago, according to the town marshal of Vevay, Ind., who reported to the authorities a man answering the slacker's description had inquired of him the way to Louisville. He was in company with two other men and was driving a high-powered automobile.

For the Relief of Rheumatic Pains
When you have stiffness and soreness of muscles, aching joints and find it difficult to move without pain try massaging the affected parts with Chamberlain's Liniment. It will relieve the pain and make rest and sleep possible.

STRAYED—Black hog with white points; \$10 reward for information leading to recovery. May Collins, phone 723.

MINERS DEPARTING;
EFFECT BEING FELT

Acute Suffering Will Result In Prolonged Idleness of Mines. Is the Prediction

So many of the miners in Eastern Kentucky are leaving their work to take up work on farms that the effects are being felt in more ways than one, according to reports issuing from various sources. As a result, but few of the mines are being operated steadily, some only two or three days a week. The effect is being felt along the railway lines leading from the coal centers, and this is expected to be more extensive in the near future, since there seems to be no remedy.

The shortage of cars has heretofore been one of the reasons for the failure to move coal, it is said, but now it appears that there is a decided decrease in the working ranks, and an appeal is being made in some parts for men to work the mines. Coal dealers in a position to know, having inside information regarding the situation, are of the opinion that there will be acute suffering next winter in many sections, unless there is a decided improvement in the situation, and that immediately. This situation was unlooked for, since there seems to be a concerted action taken upon the part of hundreds of the miners.

HUSBAND FILED SUIT;
WIFE GOT DIVORCE

When Herbert Stocker recently filed suit for divorce against his wife, Minnie Stocker, he did not anticipate the latter would turn the tables, but this was the case, and the decree was granted to the wife, who filed a counter suit and won it before Judge Shackelford in circuit court. Stocker, upon filing the suit, appeared in court, as did his wife. She proved her character as being unquestionable, and charged her husband with making a false charge. She entered a counter suit and charged her husband with failing to properly provide and get the decree.

Attention Red Men, Knights of
Pythias, and Odd Fellows

You are requested to meet promptly at the lodge rooms Sunday afternoon, June 6th, 1920, at 2 o'clock for the purpose of attending Annual Memorial Services at the First Christian church at 3 o'clock. All are requested to bring flowers, if possible, to decorate the graves of their deceased brothers.

Noted Educator and Editor
Visiting In City Today

Dr. A. E. Winship, editor of the New England Journal of Education, is in the city and will deliver an address before the State Normal School. Mr. Winship is recognized as one of the foremost educators of the country and has a national reputation in educational work as well as long journalistic lines. He is booked to speak on Wednesday night. However, he arrived in Richmond one day in advance.

STOCK SPECULATION
RISE HERE AND THERE

Any number of communities have been fleeced by smooth talking agents who have had oil and other attractive stock to sell. The farmer ordinarily does not know stocks and their value, so he should protect himself. There is legitimate stock, as well as the bogus variety, however, the task is to discern which is which. Richmond has not been heavily hoodwinked, it is claimed by the numerous sharks going about the country. If you buy oil or any other stock, investigate it thoroughly.

Booze is Not a Good Cure
(From the Ames, Iowa, Intelligence)

When a man comes to you all doubled up with pain and declares he will die in your presence unless you procure him a drink of whisky, send him to a doctor or else give him a dose of Chamberlain's Colic and Diarrhoea Remedy. There is a mistaken notion among a whole lot of people that booze is the best remedy for colic and stomach ache.

REFERENDUM ON
CONSTITUTIONAL
AMENDMENTS VOID

(By Associated Press)

Washington, June 1.—The Supreme Court held today that Federal constitutional amendments cannot be submitted for ratification to a referendum vote in states having referendum provisions in their constitutions. The court declared inoperative the Ohio state constitutional referendum amendment insofar as it affects the ratification of Federal amendments. The Ohio Supreme Court decries, dismissing the injunction proceedings brought by George Hawke, of Cincinnati, to prevent submission of the prohibition and woman suffrage amendments to voters, were set aside by the court.

SUSPECT SOLDIER DROWNED

Louisville, Ky., June 1.—The clothes found on the river bank above the Louisville Boat Club have been identified as belonging to Guy T. Vernon, 29 years old, shell shocked veteran of the world war, who is believed to have been drowned Saturday in the Ohio river.

Priest Shoots At
Two Wine Burglars

Henderson, Ky., June 1.—The Rev. Father Murray, rector of Holy Name Catholic Church, fired four shots at wine burglars last night as they were attempting to break into the cellar at the rectory to steal wines used for sacramental purposes. An attempt at robbery had been discovered at 9 o'clock and police were summoned. They remained until 2 o'clock. Half an hour later, Father Murray, who remained awake, saw two men leave an automobile and go to his cellar door. From a second story window he fired at them. One of the men emitted a yell and it is believed he was struck. They escaped in their machine. A week ago the church was broken into and money was stolen from the altar collection box.

WILL COTTON DIES
OF APPENDICITIS

William Cotton, 26, son of Mr. and Mrs. Benjamin Cotton, of Nicholasville, formerly of Richmond, who has been suffering from appendicitis for some time, died at Louisville, where he underwent an operation on Sunday. The body will be brought to the Richmond cemetery Wednesday afternoon at one o'clock for burial. The funeral services were conducted from the residence in Henry county, Tuesday afternoon. Besides his parents, the deceased is survived by his widow and two small children.

William Cotton was born and practically raised to manhood in and about Richmond, he, as well as his father, being well known residents here for years. Some time ago his father moved to Nicholasville, and Mr. and Mrs. Wm. Cotton moved to Henry county, where he purchased a farm and became one of the foremost farmers and tobacco raisers. He was taken ill several weeks ago and was taken to a hospital at Louisville, where after an examination, the operation was decided upon. He seemed to rally and partially recover from its effects, but lingered in a comatose state for a period of two weeks. The news of his untimely death will be received with regret by his many friends here.

Picnickers Had Big Time

A special train of three coaches carried the over 200 employees of the Welch Department Store of Berea, and the Richmond Welch Company to Natural Bridge, up on the L. & E. in the mountains for their annual picnic Monday. The day was a fine one and all had a most delightful time. The special train started from Berea and stopped here about 7 o'clock to pick up the local folks. The day was spent in rowing on the lakes, climbing mountains, visiting the huge natural bridge, and trying to dispose of the huge amount of good things to eat that were taken along. Huge banners were hung on the coaches, and the event was a big pleasure to all.

WOMEN DELEGATES
PREPARE TO DEPART

New York To Have Special Train To the Coast—Sight Seeing Trips Are Planned

New York June 1—Led by Mrs. John Sherwin Crosby, called "the Mother of New York Women Democrats", a special train carrying 54 women delegates and alternates to the National Democratic Convention in San Francisco, will depart from New York, June 19. This will be the first expedition of its kind in the United States. Many of the women will be accompanied by relatives. The party will be augmented by delegates from other states at various points en route to Chicago and, after the convention, the members will visit Pike's Peak, Colorado Springs, the Grand and Grand Canyon of Colorado, the Grand Old Lady of the West, and the Catalina Island. The return home will be by way of the Canadian Rockies, reaching New York on the evening of July 11.

The delegates-at-large from New York are Elizabeth Marbury and Harriet May Mills and the alternates-at-large are Mrs. Maurice Connolly, of Corona, L. I., and Mrs. Nellie Hewitt, of Carthage, N. Y.

Mrs. Crosby organized the first woman's Democratic Club in the United States in 1904. It was located here and subsequently in 1912 she founded the Woman's National Democratic League. Two years later she established a New York State branch of the national body. Mrs. Crosby says she cherishes no illusion as to what women, in their first actual participation in a National political convention, will be able to accomplish, she said, however, she and most other women delegates there will constitute more than 300 of the 1,028 in the gathering have certain ideas which will be discussed at a caucus before the convention assembles and that they will be submitted to the Platform Committee in the form of resolutions.

Some of these ideas, Mrs. Crosby said, were government ownership of oil wells, and coal mines, railroads and other public utilities; a modification of the prohibition enforcement act to permit the manufacture and sale of "light wines and beer"; a plank to make it a felony to profiteer in necessities; higher pay for postal employees; advocacy of the Sheppard-Towner "maternity bill," providing for government care for every expectant mother and her child and making it unlawful for any one to employ a woman in that condition; more rigid child labor laws; shorter hours for working women, 12,000,000 of whom are now said to be in industries and professions; more equitable taxation and the stimulation of building and other industrial enterprises by the removal of restrictive burdens.

MR. GENTRY PROVES
STAR BALL PITCHER

Business Manager F. C. Gentry, of the Normal School, Monday afternoon demonstrated his ability as a pitcher of base ball, much to the chagrin of the members of the Richmond city team, when they were vanquished by a score of 8 to 4. Mr. Gentry, as well as William Burnam, of Richmond, tried their hand at the game and proved very good. Mr. Gentry twirled for seven innings. Pope also represented the Normal battery, while Vandever and Neff officiated in this capacity for the Richmond team. The game was good throughout, there being a number of brilliant plays. Mr. Gentry proved too energetic, however, and when he went to bat, he put over 7 three baggers, but on reaching second base, after his arduous work in the box, called for more "gas" and a runner was substituted. The contest was full of interest and another may be played soon.

The Ruthton team, which recently met defeat at the hands of the Richmond team, will be here Sunday for a return game. This will be played on the North Richmond grounds, and Manager McCoy declared his intention of winning.

Here He Is Again
(By Associated Press)

Middlesboro, Ky., June 1—A man whose appearance corresponds exactly with that of Grover Cleveland Bergdoll, convicted draft evader, who escaped from federal officers at Philadelphia last week, boarded a south bound train at Cumberland Gap, three miles south of here today.

THE MARKETS

Cincinnati—Hogs 25c. lower; Chicago 25c. lower; cattle quiet; lambs lower.
Louisville, June 1—Cattle 100; slow and unchanged; hogs 1,300; uneven, \$2 to \$14.50; sheep 1,900; 50c. lower; \$3.50 lambs active and unchanged.

Weather For Kentucky

Local showers and thunder storms, probably tonight and Wednesday; not much change in temperature.

CONTROL OF WHEAT
PRICE ENDS TODAY

Washington, June 1—Federal control of wheat and wheat products ended today, the wheat director ceasing to function under the limitations of the law creating his office, and food administration control, ending by proclamation of President Wilson, as a means of passing of the government of \$2.20 a bushel.

MORE MONEY FOR
P. O. EMPLOYEES

Washington, June 1—Increased salaries for postal employees, amounting to approximately \$33,000,000 for the first year, effective July 1, were recommended in a report made to Congress yesterday by a joint Congressional Commission.

Estimates made by the commission place the increases of the postal payroll at \$38,000,000 for the second year, and \$43,000,000 for the third year and fourth year.

Increases of from \$150 to \$250 annually for postal clerks and letter carriers, with \$400 for supervisory officers, were recommended. No increases for first-class postmasters receiving more than \$5,000 a year were proposed, however.

For rural delivery carriers the commission recommended \$1,800 for a 24-mile route, and an additional \$30 for each mile in excess of that distance. Motor route carriers covering 30 miles or more would receive not more than \$2,600. The pay of village delivery carriers would be from \$1,000 to \$1,200.

Should the recommendations of the commission, based on hearings conducted in various parts of the country, be adopted, clerks at first and second class postoffices as well as city carriers, will be divided into five classes, with those in the first class receiving \$1,400 annually, and \$100 added for each class.

Substitutes and temporary clerks would receive 60 cents an hour, while special clerks would be paid from \$1,900 to \$2,000 annually. Watchmen, messengers and laborers would be divided into two grades, the first receiving \$1,350 and the second \$1,450.

McFarland Takes Charge

Louisville, June 1—U. G. McFarland arrived here today and assumed charge of the prohibition enforcement in the Western district of Kentucky. He announced a continuous crusade would be waged to free Louisville and the western prohibition district of violators. The new chief, who succeeds Scot Isbell, of Bowling Green, asked for co-operation of the public, declaring it was the duty of the citizens to report liquor law violations.

Agricultural Bill

Washington, June 1—President Wilson today signed the annual agricultural appropriation bill which continues futures contract under which trading on the cotton exchanges is carried on.

Dreaded Bubonic Plague

Vera Cruz, June 1—Eleven authenticated cases of bubonic plague developed here today with five deaths. President Wilson offered to send hospital ships here completely equipped to combat the disease. Vera Cruz is completely isolated from the rest of the republic.

Oust Female Hecklers

Washington, June 1—Women hecklers were put out of the Senate galleries today when they interrupted Senator Brandegee, speaking against the Armenian mandate. Their shouts indicated sympathy for the cause of Irish freedom. Two women also shouted an appeal for Ireland from the House floor and were hurried to the corridors.

LOCAL MAN LANDS
BIG ROAD CONTRACT

Jas. Higgins Lands Contract For Harrodsburg Road In Jessamine County

At Frankfort last week, James Higgins, well known local contractor, pulled down one of the biggest jobs issued in some time, when he was awarded the contract for building seven miles of the Harrodsburg pike, in Jessamine county, and will start the work in a few days.

Mr. Higgins bid, which was for \$112,864.91, was accepted. He will arrange to move machinery from Richmond at once to the scene of operations. The extensiveness of the contract will require most of the summer and perhaps a part of early fall for completion. He stated today that he would purchase two new Springfield-Kelly trucks, and that he will have in a very short time all necessary men.

The work is to be of crushed stone, grading and include in some portions, macadam and tarmac. There were many bidders against the local man, but the builder of the Big Hill road from Richmond to Kingston, was notified after the meeting that he had procured the contract. State Road Commissioner Joe. S. Boggs was present at the meeting when the contract was awarded, and stated that he had implicit confidence in the ability of Mr. Higgins.

STRANGER FOUND
PURSE; SOUGHT OWNER

A man, a stranger, and a very honest man, spent some time Tuesday morning, walking along First street, between Main and Irvine, inquiring whether anyone had lost a knife. He approached a number of persons who replied in the negative, and it was not until almost an hour was spent in the futile quest, that the stranger was approached by an excited man, who informed him that he had not lost a knife, but his pocketbook, containing about \$10, together with some valuable papers. The stranger smiled and asked him to describe his property more definitely. The owner detailed everything in the way of contents as well as giving close dimensions of his pocketbook, when it was turned over to him by the stranger. The latter refused to give his name, but said, "I picked this thing up, and knew that if I kept up the search, I would find the owner." He refused a reward, stating that he had plenty of money, and was not charging for being honest. The pocketbook was the property of John Horn, of this city.

Big Fox Chase Party

Mr. Cal Maupin and a party of friends came in from White's Station last night, where they recreated the party, and left for Moberly where they joined a party of the former's friends in a fox chase. The event had been planned for some time, and reports are that it was to have been one of the most extensive held for some time. The gentlemen bought provisions in Richmond, and apparently, there were a large number of men in the party when the recruiting was finished.

BALLARD OFF TO PRISON

Cornelius Ballard, colored, charged with having passed a bogus order for \$9.50 some time ago, and who was indicted by the grand jury, left Richmond Monday morning in charge of Sheriff Witlock, for Frankfort, where he was sentenced to a term of four years. Ballard claimed that he was not guilty and had two trials, asserting after he had heard the first time that he had "new evidence". This proved insufficient however to change the status of affairs, except to add another year to the sentence, since he was given but three years at the first trial.

Out This Out And Take It With You

A man often forgets the exact name of the article he wishes to purchase, and as a last resort takes something else instead. That is always disappointing and unsatisfactory. The safe way is to cut this out and take it with you so as to make sure of getting Chamberlain's Tablets. You will find nothing quite so satisfactory for constipation and indigestion.

Our Wagons Were Busy Last Week

The people have begun to realize that our advice was right in laying in next winter's supply of coal. You can't possibly make a mistake. Get your order in today for the Celebrated

WILTON JELICO COAL

We are lucky to have a good supply on hand. We can't say how long it will last, but as long as it does, it is yours at the market price.

FRANK KIPP, For Anderson County.

What the Country Needs

"The thing that this country really needs," said Vice President Marshall, as hot discussions on the cost of living raged in the Senate "is a good five-cent cigar."

If Mr. Marshall had never contributed any other thing to his country, he deserves well at her hands for this speech. For one thing, he "varied the proceeding with a little innocent hilarity," which is good for everybody in these tight-drawn times. And then, it is precisely five-cent cigars, and nine-cent sugar, and stockings at three pair for a dollar, and potatoes at \$2 a bushel, which this country does need.

It doesn't need a lot of high-flown, high-priced ranting. It doesn't need a lot of deep psychological discussion. It needs necessities of life, like cigars, at reasonable prices.

If Mr. Marshall could go just a little further and make some equally simple suggestions as to how to secure the things we really need, he would not have to be nominated for the Hall of Fame; he would find himself living there.

Can't we have more plain common sense, not just in whimsical asides, but in practical application?

DAIRIES AND DAYLIGHT

Dairymen who deliver their products either to customers in the city or to the leading platforms of railroad or interurban lines find it necessary to do a great deal of work before daylight, and thus are particularly interested in all ways of making these early working hours as short and efficient as possible.

Next to modern dairy machinery, such as the separator the most important factor in the matter of time saving is that of artificial light, and electricity is rapidly coming to be recognized as the safest and most convenient means of dairy lighting. It is claimed that wherever electric light is used on the farm during working hours it actually saves time, that is, reduces the time taken to perform a certain operation by giving a brighter and more evenly distributed light on the work at hand. And in no kind of farm work is this more true than in the work performed in the dairy-barn. Electric lights can be placed where they are most needed along the rows of stalls, and once placed the work is done. The first item of saving is effected because the farmer no longer has to move the lantern from place to place wherever he goes. The hand that formerly had to lift and carry the lantern can now be used exclusively in productive work. And, of course, in cleaning, separat-

KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful."

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui.

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well. If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial.

ASPIRIN

Name "Bayer" on Genuine

"Bayer Tablets of Aspirin," is genuine Aspirin proved safe by millions and prescribed by physicians for over twenty years. Accepted only an unbroken "Bayer package" which contains proper directions to relieve Headache, Toothache, Earache, Neuralgia, Rheumatism, Colds and Pain. Handy tin boxes of 12 tablets cost few cents. Druggists also sell larger "Bayer packages." Aspirin is trade mark Bayer Manufacture Monoaceticacidester of Salicylic acid.

ing, cooling and bottling milk and in sterilizing bottles and equipment, electric light proves an invaluable aid.

The small electric plants, which furnish this light and which are now so widely used on farms all over the country, supply enough light not only for the dairy barns, but for the house and all other buildings as well. And in addition to light they furnish plenty of current for electric power. The separator, churn, milking machine and other dairy power appliances can easily be operated as well as other light power machinery for farm work. And in the house the washing machine, pumping system, vacuum sweeper and a hundred other household appliances make the farm wife's work much lighter.

Memorial Day At Newby

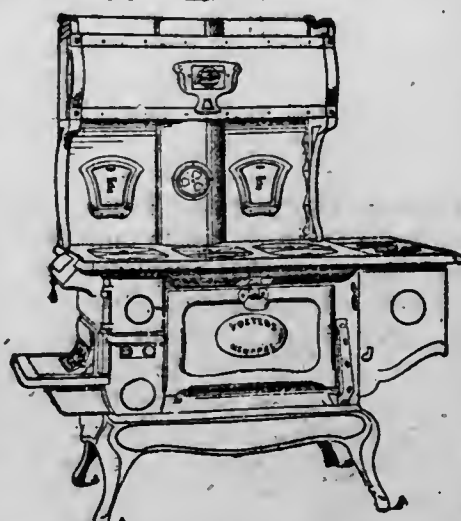

The Memorial Day observance at the grave of Elmer Lowry, the one young man in the ranks who died in service during the late war from that vicinity, was observed in fitting style. Judge W. K. Price delivered an appropriate address. There was a large attendance and many of the graves in the little cemetery, on the Judge Million farm, near Newby, were flower strewn, after the work of the decorators was at an end.

Funds Created For Trip By Boy Delegates

A neat sum was realized on the Old Fiddlers' contest and there will be a number of students in attendance at the annual Blue Ridge conference. The Eastern Normal, it is believed, will be more extensively represented this year than last, when there were both boys and girls represented. The Y. W. C. A. workers have been preparing for their fund raising campaign for some time, and will have something of interest soon. They will have a number of representatives, and it is predicted that their effort to raise funds will be equally as successful as that of the boys in the musical contest.

Fox Hound Released; Hunter Gets Caught

Squire Jake Hackett, one of the best known Madison county fox hunters, residing near Red House, was slightly injured as a result of becoming entangled in a wire fence while endeavoring to extricate one of his valuable fox hounds, which had become caught while in a chase a few days ago. Mr. Hackett finally released the dog, but in the effort, became caught himself, and it was only with great patience, a pocket knife and the aid of friends that he finally got loose.

FOSTER'S OPAL

More than 120 varieties of the mango are cultivated in India, where it is a food staple.

A quality of rum known to be 140 years old was sold in 1865 for \$15,000 a bottle.

Climbing plants developed their climbing habit through propagation in dense forests.

J. H. LAMBERT LAND

Consisting of 643 acres, located in Rockcastle county, Kentucky, near the Madison county line, four and one-half miles from Berea, will be sold at

Public Auction

ON THE PREMISES

Thursday, June 10, 1920

AT 10 O'CLOCK

This is one of the best farms in this section of the state and has been subdivided into

SIX DIFFERENT TRACTS

TRACT NO. 1

Contains ninety and one-fourth acres; well fenced, has two tenant houses; two barns, and 75 acres in cultivation; 20 acres in corn; 55 acres in grass; 15 acres in timber. This place is cut into five fields, all well watered, never failing sulphur spring, the land is level, gently rolling; produces well and is situated in one-half mile of consolidated schools and church. Is on road that is now graded for pike and is in one hundred yards of Boone post-office and one hundred yards of railroad station.

TRACT NO. 2

Contains 68 1-4 acres, located on road that is now being piked; four miles from Berea; 1 mile from church and school. This land is well fenced; 35 acres in grass; 33 1-4 acres in timber; has a splendid six room cottage; first-class stock barn and all necessary outbuildings. Store house 20x50 feet, one of the best locations in this county; postoffice in the store. Fifty yards of railroad station. The buyer of this tract gets the refusal of a well selected stock of goods at cost. At the door there is a well with an endless flow of famous white sulphur water. There is also a tenant house on this tract, with another never failing sulphur well; a gas well which furnishes heat for house and store which is fully equipped for the use of this natural gas; has a splendid stream of water flowing through this tract and every field is furnished with plenty of stock water.

TRACT No. 3

Contains 109 1-2 acres on road now being piked; four miles from Berea, 1-4 mile to store and postoffice; has four room house, also barn and outbuildings; good orchard. This tract is mostly fenced; 40 acres in grass; 20 in corn; the remainder in timber; 60,000 feet of good timber ready for the mill. This tract has an abundance of fine water, both for personal and stock use.

TRACT No. 4

Contains 207 3-4 acres; has a four room house; good barn and splendid orchard; is well fenced; well watered; 40 acres in grass; 15 acres in corn; 105 acres of this tract is good creek bottom land; fine timber land; 300,000 feet of good oak, pine and poplar timber; also two oil wells, which produce from four to ten barrels of oil per day, when pumped, and one gas well.

TRACT No. 5

Contains 66 acres; has no improvements. This land is level; well watered; joins a good county road; one and one-half miles from church; good school; is three and one-quarter miles from Berea; a fine place for a young man with limited means; plenty of timber on this tract to build good house and barn and fence the entire farm.

TRACT No. 6

Contains 100 1-2 acres on good road; three and one-quarter miles from Berea; one and one-quarter miles to good school. This tract is a little rolling; some good, rich land; plenty of timber; no improvements.

SOCIAL AND PERSONAL

Among those who attended the commencement exercises at St. Agatha's Academy in Winchester Monday evening were Mr. and Mrs. M. F. Enright, Mr. and Mrs. Nelson Elder, Mr. and Mrs. E. V. Elder, Mr. and Mrs. R. J. McKee, Miss Lydia Kee, Mrs. J. M. Riffe, Father H. B. Schulte, Mrs. L. R. Blanton, Mrs. J. I. McCarty, Miss Minnie McBride, Mrs. William Moynahan, Miss Mary Sullivan, Mr. and Mrs. T. M. Wells, Dr. and Mrs. Beecher Adams, Miss Elizabeth Adams and Miss Myrtice French Todd.

Entertains at Winchester

The following from the Winchester Sun, is of interest to the friends of Mrs. Prewitt here. It says: Mrs. Ben Prewitt entertained about 300 guests Saturday afternoon at the home of her mother, Mrs. Byrd Hodgkin on East Broadway with a bridge party. The home was beautifully decorated with cut flowers and a delicious salad course was served. Mrs. Prewitt was assisted in entertaining by Mrs. George Prewitt and Mrs. Rife Hodgkin.

Will Entertain Membership

Dr. and Mrs. Homer W. Carpenter will entertain with a reception at the parsonage Wednesday afternoon from 4 to 6 and from 8 to 10 in the evening. The entire membership of the church is included in the invitation.

Mr. James Shaw spent Monday in Lexington.

Mr. Hale Dean spent Monday in Lexington.

Rev. D. H. Matherly spent Monday in Lexington.

Mr. Arthur Duprez was a visitor in Winchester Monday.

Miss Zelia Rice was in Lexington with friends Saturday.

Miss Eva Thompson is visiting friends in Lexington.

Miss Mary Ross, of Paris, is visiting Mrs. Ballard Luxon.

Miss Edna Keller, of Lexington is the guest of Mrs. C. E. Green.

Miss Katherine McBride is visiting Miss Donahue in Danville.

Mr. Rollins Burman is at home from K. M. I. for the summer vacation.

Miss Willie Mae Combs has returned from a visit to relatives in Clark county.

Mrs. Overton Harber will be hostess to her bridge club Wednesday afternoon.

Miss Margaret B. Parrish has issued invitations to a luncheon Saturday June 5th.

The Morton High School, Lexington, enjoyed a picnic at Boonesboro Beach Monday.

Mrs. J. D. Dykes is in Cincinnati, the guest of her daughter, Mrs. Hanley Nippert.

Mrs. Hattie Buchanan and daughter Miss Elath, were in Cincinnati Saturday on business.

Mr. and Mrs. Con Taylor and Mr. and Mrs. Otto Jett spent Sunday with relatives in Lexington.

Little Edmund Baxter is spending several weeks with his aunt Mrs. G. C. Hays in Winchester.

Mr. and Mrs. Nelson Gay, of Clark county were with Mr. and Mrs. A. K. McGown for the week-end.

Miss Julia Lawson, of Logan, West Virginia, will arrive Wednesday for a visit to Mrs. Verner Millon.

Young Man!

The choice of your graduation gift from the folks at home will doubtless be up to you. Choose the gift that lasts a lifetime—**an ELGIN!** Your school days have taught you to be your own timekeeper. To plan your time ahead and work to schedule. You'll find that the graduate who sticks to that habit is the man who gets ahead in life. Let the new world into which you are now stepping, see in you a man who safeguards it with precision—the proud possessor of a Lord Elgin Steamline!

L. E. Lane

This Laxative Is Now in Half a Million Homes

They regulate their health with Dr. Caldwell's Syrup Pepsin

WHERE there are women and young children and elderly people it is always well to have a mild, gentle-acting laxative like Dr. Caldwell's Syrup Pepsin handy. This is a combination of simple laxative herbs with pepsin which does all that is required in constipation and does it with safety and comfort. It is free from narcotics and may be given to babies. Half a million mothers have it in as many good American homes, and these families are healthier for it. Every drug store sells Dr. Caldwell's Syrup Pepsin.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest-selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

DR. CALDWELL'S SYRUP PEPSIN THE PERFECT LAXATIVE

Mr. and Mrs. Julian VanWinkle and children, of Louisville, are visiting Mrs. J. W. Smith on High street. Mrs. B. K. Duncan and son, Cosby, spent the week-end with Mr. and Mrs. Alex Turpin on the Red House pike.

Little Housekeeper says: Columbia Grafonolas and Records entertain the entire family. Get your June Records now while they are new.—W. F. HIGGINS.

Your Troubles Are Our Troubles

There are many people who do not have their own particular troubles and difficulties. We have troubles as individuals, we have troubles as a family and we have troubles as a community.

At the present time, the greatest trouble and difficulty of all of us is making our income pay our living expenses with a little left over for future needs. Most everybody is interested and willing to listen to any plan which will materially reduce the high cost of living.

When the Richmond-Welch Company came to Richmond, they came in order to serve the people of Richmond and Madison County and to do all they possibly could to reduce living expenses for their customers. We feel that we are succeeding in this undertaking and we wish to call your attention especially to our Self-Serve Grocery Department. We are carrying only standard and well known lines of food products and we are making the prices as low as we can possibly make them. The price on practically every article in our Grocery Department is less than other merchants in Richmond are charging for the same article. This fact proves to you that we are lowering the high cost of living for the citizens of Madison County, providing they take advantage of their opportunity.

If you have not visited our Self-Serve Grocery, do so today and get acquainted. We are always glad to have visitors and we extend to you a cordial invitation to visit us.

WHY PAY MORE?

GET THIN EASILY NOW

The sale of Oil of Korein is increasing. It is a vegetable oil compound of *fucus vesiculosus* (a form of sea weed) and other components; safe, harmless and reliable, a factor of the Korein system for self-treatment of over-stoutness (obesity), which has a record of wonderfully rapid, gentle, symmetrical and healthful reduction. Recommended by physicians.

Many persons have reported an average weight reduction of 8 to 20 pounds monthly through this simple, easy self-treatment.

No drugging, no starving, no strenuous exercising. Delightful, steady riddance of adiposity. "The fat seems to melt away" is the expression of numerous users. \$100 Guarantee in each box.

Oil of Korein

The Gentle Way To Reduce

For convenience, Oil of Korein comes in tiny tablets, easily swallowed. Containing no thyroid, no purgative, no salts, nothing drastic or objectionable. Get a box of Oil of Korein at the drug store. Follow the simple directions of Korein system. Weigh yourself and use the tape measure before starting. Keep a record of daily reduction. You will be delighted!

If you want to become slender gracefully, increase your mental and physical efficiency, improve your figure, become agile and attractive, add to your cheerfulness, gain health and prolonged life, follow this method; accept no substitute, insist upon Oil of Korein—in tablets.

Reduce 10 to 60 Pounds

If you value your health and happiness—if you would like to get rid of the burden of obesity—quickly, safely and pleasantly, don't delay another day. Get Oil of Korein. So positive are we of the merit of the Korein system that we offer \$100 Cash Guarantee that you will reduce 10 to 60, or more, pounds; as much as you need.

Oil of Korein, in tablets is obtainable at all busy druggists, including:

And at thousands of other busy drug stores everywhere in America.

\$100 CASH Guarantee

Reduce Weight Happily

FREE BOOK. We publish an interesting booklet, entitled "Reduce Weight Happily," which we will send (in plain wrapper), postpaid, upon request by letter or postcard. Tells the best way to regain normal figure, sprightliness, better health and to prolong your life. Keep this advertisement and show to others. We publish it only occasionally and now because Korein system is so well known and so widely recommended that it is its own best advertising. If for any reason you prefer to obtain Oil of Korein (price \$1) direct from headquarters (in plain wrapper), send cash, or money order, or stamps to address below:

PARKS PAYS FINE AND GIVES BOND

Bertie Parks, recently arrested on a charge of unlawfully having whisky in his possession and admitting the same was for sale, has been released from custody, having paid a fine of \$100 in the city court and given a bond of \$200, asked by United States Commissioner Bennett for his appearance in the Federal court at the next regular meeting session, next fall Parks is said to have been in possession of a large amount of cash when arrested. He was given a sentence of fifty days, but this was discounted after he had arranged to pay his fine and furnish bond for his appearance in the higher court. It is said he is being prevailed upon by his friends to go to the country and take employment.

COUNTY VICTORY PULLED BY CITY TEAM

Manager George McCoy, of the Richmond city base ball team who has been enjoying a winning streak since he got his team in condition, figured in a spectacular stunt in the way of a ball game Sunday afternoon on the grounds north of the city when his aggregation pulled a victory from a selected nine from Madison county, by a score of 5 to 0.

The game opened with McCarthy and Fanning representing the local team. First, second and third innings, not a member of either team found second base. The opposing team was playing "tight" ball, so were the local lads. But in the fourth, the fire works started, when Fanning lifted one that made the outfielders seem close at hand, the sphere passing safely, high above them. This homer started things. Blake led off with a safe hit, then Manager McCoy got the habit and shot a three bagger that counted. There being two men on bases, the five runs were made and the lid was on again. Nothing doing the remainder of the entire game much to the amusement of the big crowd of spectators.

The city team is playing the Normal boys at the college campus this afternoon.

NEW BLOOD FOR FULTON

Through the efforts of the county agent working in cooperation with the banks of Fulton county, five pure-bred Holstein bulls valued at \$450 apiece have been imported into the county in the last sixty days. The farmers appreciating this effort on the part of the banks, have agreed to further this good work by ordering two carloads of Holstein cows.

"The Mayflower Hall"

Plymouth, England, June 1—Foundation stones of a new memorial to be called "The Mayflower Hall," which the Salvation Army proposes to build on a site near the starting place of the Pilgrim Fathers here, are to be laid on September 6. The ceremony will take place in connection with the ter-centenary celebration of the sailing of the Pilgrims. The stones, which are to be brought from Plymouth, Mass., will be laid by Ambassador Davis, Lady Astor, who is a member of Parliament for the division, and General Booth. The cost of the scheme is 25,000 pounds.

POTT'S Gold Dust Flour makes better bread. Try and be convinced. tf

Hair Grown on Bald Head

After being almost totally bald, a New York man found something which brought out a new luxuriant growth of hair of which he is so proud that he will send the information free to anyone who asks for it. Write: John H. Brittain, Station Z, New York, N. Y. Many women and men have grown hair after all else failed. Cut this out, now, before it is too late.

LIFE WAS A MISERY TO HER

Says this Woman Until Relieved by Lydia E. Pinkham's Vegetable Compound.

Carrollton, Ky.—"I suffered almost two years with female weakness. I could not walk any distance, ride or take any exercise at all without resting. If I swept the floor or did any kind of work it would bring my sickness on. I was weak and languid, had no energy, and life was a misery to me. I was under the care of a good physician for several months and tried other remedies. I had read of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking twelve bottles I found myself much improved and I took six more. I have never had any more trouble in that respect since. I have done all kinds of work and at present am an attendant at a State Hospital and am feeling fine. I have recommended your Vegetable Compound to dozens of my friends and shall always recommend it."—JILLIAN THAYER, 824 S. 6th St., Carrollton, Ky.

If you have any symptoms about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

PROF. SMITH HAS "SMALL" PEACH GROVE

Prof. G. D. Smith, of Eastern Normal, will leave this week for his farm at Conover, where he will spend some time at his peach orchard, and look after his cherry crop also. He has just purchased two car loads of baskets in which the luscious fruits will be placed for shipment. He has a "small grove" containing 9,500 peach trees besides several thousand cherry trees, etc.

He stated that he would have much work there in the near future, since the prospects for a good crop were unusually good. Prof. Smith looks upon his farm as but a little side line, except in the way of pleasure, which, he asserts, is great, and it is his intention to spend much of his leisure time there during the summer.

More Old Brick

We have another lot of old brick—the very best and cheapest thing for building. They are the large size, and all of the min good shape. Last week we sold them like "hot cakes." If you want this lot, you'll have to get your order in early.

Don't forget we have plenty

GOOD BLOCK COAL AT OUR YARDS

and it is yours as long as it lasts. Don't worry about the prices—there's no change.
